2.1	Classification of main components present in fNIRS signals	7
2.2	Comparison of LED and LD NIR-Emitters for use in fNIRS instrumentation	14
2.3	Comparison of PMT, SPD and APD NIR-detectors for use in fNIRS instrumentation	15
3.1	Epitex L750-850-04A characteristics	28
3.2	Silicon photo diodes with integrated TIA	29
3.3	Control Bits for NIRS module	49
5.1	Characteristics of NIRS instrument	80
A.1	Overview of NIRS-Systems from research (I)	87
A.2	Overview of NIRS-Systems from research (II)	88
A.3	Overview of wavelength pairs and selection optimization in fNIRS systems.	92
